

Sex Education in Public Schools USA

For sex education we have given our daughters to the sexually immoral who have exploited, enticed, intimidated, and persuaded both daughters and sons into sexual promiscuity resulting in harlotry and sodomy. This is done in the name of tolerance in an attempt to eliminate discrimination. Then we are surprised that violence and wickedness of every sort is running rampant in our country.

God said if you cause your daughters to become harlots the land will be filled with wickedness.
[Leviticus 19:29](#)

What fools we have been these last sixty years. We put the wolf in charge of the hen house, then wonder that our children are being devoured. Tolerance of what God calls wickedness, and appeasement toward the ones given to it, does not make the public more noble, but the reverse, they become more debauched and depraved.

This has become more and more evident in domestic violence, and widespread crime of every sort. If we desire the USA to become a great nation in the sight of God so He can continue to bless us, we need to begin by bringing godliness back into our educational and legal systems.

May God help us come to national repentance and to righteous change.
